XTRM PLY PVC ROOFING

15 YEAR WARRANTY

XTRM Ply is a flexible and durable PVC Roofing membrane designed to meet the unique challenges of an RV roof. This innovative product offers the industry's best warranty, highest tear and puncture strength, and superior solar reflectivity, keeping your unit cooler. Once installed it requires no reconditioning, no treatments and no special cleaners. It will not cause streaks on the side of your RV or develop black spots. XTRM Ply PVC roofing is UV resistant, environmentally friendly, and tested to perform in extreme climates. Choose XTRM Ply PVC roofing, the best roofing membrane in the RV market.

ThermaHeat™

HOLDING TANK HEATING PADS

AFFORDABLE, RELIABLE, EASY TO INSTALL

ThermaHeat Heating Pads are designed and engineered to protect RV holding tanks, pipe and steps from freezing. All tanks heaters have a built in thermostat that will turn on at 45 F (5C) and off at 67 F (20 C). Pipe and elbow heaters are not thermostatically controlled. All heaters have an easy to install peel-e-stick adhesive that adheres to any clean surface. One tank heater will protect up to a 40 gallon holding tank. All heaters carry a 2-year warranty.
