

PALISADE™

Waterproof, Large-Format Wall Panels

Finish Tub & Shower Areas Faster, Better

PALISADE

Waterproof, Large-Format Wall Panels

48" x 69" Rear Wall - Carrara Marble

30" x 69" Rear Wall - Wind Gust

Made to cover larger areas, faster

Palisade XL Waterproof Large-Format Wall Panels install in half the time of grouted installation with tube adhesive. Multiple widths and heights accommodate most bath and shower layouts.

Each wall panel features a three-dimensional grout-look for realistic tile appearance. Palisade XL wall panels are 100% waterproof, fireproof and chemical-resistant.

- **Extra-large sized panels** provide quick coverage of larger areas
- **Rigid core board** is stable, durable and easy to cut requiring no specialty saws or tools
- **Proprietary UV-cured lacquer** adds warmth to the touch & is scratch- and UV-resistant
- **ASTM E 84 Class "A" fire-rated**—Flame and Class "C" fire-rated—Smoke

Each wall panel features a three-dimensional grout-look for realistic tile appearance.

Ideal for fast installation

Apply full wall panels directly onto wall—no special tools required

Durable engineered composition

- 1 Protective Top Layer
- 2 Realistically-Printed Multicolored Film
- 3 Rigid Core Board Technology

Installation is quick & groutless using tube adhesive.

Palisade XL can be installed over many substrates including VOG, water-resistant board & ceramic tile.
